

Marine Safety Information Bulletin

83-22

SpaceX Hazard Area

Issue Date: September 9, 2022

SpaceX has informed the U.S. Coast Guard of scheduled testing at their facility located south of Brownsville, TX, near Boca Chica Beach. During the hours of 8 a.m. through 8 p.m. September 12, 2022 and September 14, 2022 each day, a hazard area will exist in vicinity of the SpaceX facility. The area below represents the U.S. waters portion of the hazard area SpaceX identified as susceptible to potential hazards including blast pressure, debris, gaseous leaks, and fires during the tests. Mariners are advised to check Broadcast Notice to Mariners on VHF Channel 22A/ 157.100 MHz before entering that region and should avoid the area outlined below during the test period.

The boundaries for the U.S. waters portion of the hazard area are approximately:

25° 58' 10" N 097° 11' 05" W
25° 58' 10" N 097° 07' 30" W
26° 01' 25" N 097° 07' 30" W
26° 01' 25" N 097° 11' 05" W

Additional information is available on the Cameron County website:
