

## Marine Safety Information Bulletin

75-21, Update 4

SpaceX Hazard Area

Issue Date: October 20, 2021

SpaceX has informed the U.S. Coast Guard that the Static Fire test at their facility located south of Brownsville, TX, near Boca Chica Beach have been postponed to a later date. During the hours of 5 P.M. through midnight, October 21, 2021, a hazard area will exist in vicinity of the SpaceX facility. The area below represents the U.S. waters portion of the hazard area SpaceX identified as susceptible to hazards including blast pressure, debris, gaseous leaks, and fires during the Static Fire test. Mariners are advised to check Broadcast Notice to Mariners on VHF Channel 22A/ 157.100 MHz before entering that region, and should not enter into the area outlined below during SpaceX testing.

The boundaries for the U.S. waters portion of the hazard area are approximately:

- 25° 59' 00" N 97° 11' 15" W
- 25° 59' 00" N 97° 09' 00" W
- 25° 58' 00" N 97° 09' 00" W
- 25° 58' 00" N 97° 07' 30" W
- 26° 01' 00" N 96° 07' 30" W
- 26° 01' 00" N 91° 11' 15" W
